THE MANCHESTER METROPOLITAN UNIVERSITY
FACULTY OF SCIENCE AND ENGINEERING
DEPARTMENT OF ENGINEERING & TECHNOLOGY
AUTOMATION SYSTEMS CENTRE

Note that there are three Universities in Manchester City, we are the Manchester "Metropolitan" University. The Department is within easy walking distance of Manchester Oxford Road rail station, which is one short stop from Manchester Piccadilly.

Note **visitors' parking is not currently available without prior notice**. You must apply at least one week in advance to Mary Smith (tel. 0161 247 1628, email: M.J.Smith@mmu.ac.uk) with your vehicle registration number. Places will be allocated when available at the John Dalton Staff Car Park on Chester Street in the Visitors Section under the Mancunian Way. **Please Note** there is a procedure in place for parking. Once you have parked your vehicle you are required to confirm your details at All Saints Reception (the building on your right hand side) and then pay at the ticket machine on the car park and display your ticket.

If arriving by car from the south on the M6, take the A556 from J19 to the M56, cross the M63 and continue into Manchester on the A5103. Watch for the A57M (Mancunian Way) but do not get onto the flyover. If coming from the west the M602 will bring you directly into the City centre. From other directions get onto the inner "Ring Road" which will bring you onto the Mancunian Way.
